WHAT IS A PROSTHODONTIST?

[pros-thuh-DON-tist]

noun

1. An oral specialist who has undergone 3-4 years of additional training geared solely towards dental prostheses, e.g., dental implants, implant rehabilitation and oral reconstruction.

WHY ANACAPA DENTAL ART INSTITUTE?

At Anacapa Dental, we are proud to have one of the nation's leading prosthodontists, Dr. Saj Jivraj. With over two decades of experience, he delivers uncompromised care to thousands of patients in his state-of-the-art facility. When it comes to the health of your smile,

only the best care possible will do—and that is exactly what Dr. Jivraj aims to deliver. If you are in need of dental implants, gum disease treatment or even full mouth reconstruction, we've got you covered in a major way. Our top priority is your total oral health, and every step of your

journey is met with merciless technical competence that delivers an improved quality of life. You not only get the direct benefits of a healthy mouth, you also get all the goodies that come along... increased confidence, improved physical well-being, and the ability to smile freely,

At Anacapa, our greatest goal is to provide relief. If you're in need of a lasting, stable dental solution, it's time to get the quality care you deserve.

An undesirable appearance after a cosmetic dental treatment is especially frustrating because the initial procedure was intended to correct any imperfections—not create new ones.

In these cases, a cosmetic revision will completely reverse the previous, unsatisfactory procedure, while creating the beautiful, natural-looking smile you were hoping for the first time around.

Many complications can occur when dental implants are not placed correctly. The implants may become loose, broken or visible, or the patient may experience painful issues with teeth clenching or bite shifting. When such complications arise,

a functional dental revision is necessary as soon as possible to prevent further complications and fully correct any dental implant issues you may be experiencing. After the procedure, your oral health will be restored to its optimal state, and the healthy smile you deserve will be a reality.

CHANGING LIVES *with Dental Reconstruction*

DR. JIVRAJ HAS PERFORMED OVER
500 DENTAL RECONSTRUCTIVE PROCEDURES

As an award-winning and world-renowned prosthodontist, Dr. Jivraj delivers enhanced self-confidence through the delicate yet rugged art of dental reconstruction. With experience in both partial and full mouth reconstruction, he routinely gives patients relief from the imperfections that concern them most, including missing teeth, periodontal disease, bone loss and other major complications. As most dental reconstruction addresses cosmetic and functional issues simultaneously, patients benefit from a multi-faceted improvement in their quality of life.

If you require dental reconstruction, turn the page to learn about a revolutionary procedure that can replace a full arch of teeth in a matter of hours.

ALL-ON-FOUR® *DENTAL IMPLANTS*

*FULL ARCH REPLACEMENT IS MADE POSSIBLE
IN A MATTER OF HOURS, USING A MINIMAL
NUMBER OF DENTAL IMPLANTS.*

When patients are in need of a full arch replacement, there is no faster or more comprehensive solution than All-on-Four® dental implants. While traditional implants require a lengthy, multi-stage process, All-on-Four® is a

revolutionary method of replacing a full set of top or bottom teeth in just one day. This allows you to achieve a healthy and more attractive appearance that significantly enhances your quality of life—in the quickest manner possible.

Rehabilitation with All-On-Four®

DR. SAJ JIVRAJ

One of the country's top prosthodontists, Dr. Jivraj is one of the most influential leaders in his field. Having delivered cutting-edge dental and prosthodontic care for over two decades, he's won the respect of both his colleagues and patients—and in 2008 was voted "Best in USA" by a panel of his peers.

Educated as a Doctor of Dental Surgery at the prestigious University of Manchester, Dr. Jivraj also studied at the world-renowned Herman School of Dentistry at the University of Southern California.

While there, he trained in advanced techniques and procedures for reconstructive dentistry and earned his degree as a certified prosthodontist—becoming a true expert in the restoration and replacement of teeth.

In addition to his accomplishments, awards and top-tier education, Dr. Jivraj is known as a compassionate and caring prosthodontist. He is always striving to better his patients' lives and turn dental imperfections and painful conditions into healthy, bright and beautiful smiles.
